

How to install prototype audio plugins on WIN

Step 1

The image shows two screenshots side-by-side. The left screenshot is an email receipt with a dashed border. It features the Prototype Audio logo, a 'Thanks for your order!' message, order details (Order #: 547436, Date: 1 Mar 2024, 16:59), a product table for 'MATTER-001' priced at \$45.00, a subtotal of \$45.00, a discount of -\$45.00, and a total of \$0.00. It includes a 'View Product' button and contact information. The right screenshot is a web order page for 'Order #547436' with a 'Paid' status. It shows an 'Order summary' table with the same product and pricing, a 'Files (3)' section with download links for '0875-72E7-0K45-8B0Q', 'MATTER-001 MAC v1.0.2.zip', and 'MATTER-001 WIN v1.0.3.zip', and a 'Generate Invoice' button.

Download the **[Plugin Name] WIN.zip** from your Email receipt. Click on **“view product”**.

Tipp: The Key file “XXXX-XXXX-XXXX-XXXX” is your **Serial** for unlocking the plugin in your DAW.

Step 2

Go to your **Downloads** and copy the **.vst3** plugin file.

Step 3

Open the **Explorer** and go to *C:\Program Files (x86)\Common Files\VST3*

Paste your **.vst3** file there and restart or open your DAW.

Have fun creating!

If you encounter any problems message us at: info@prototype.audio

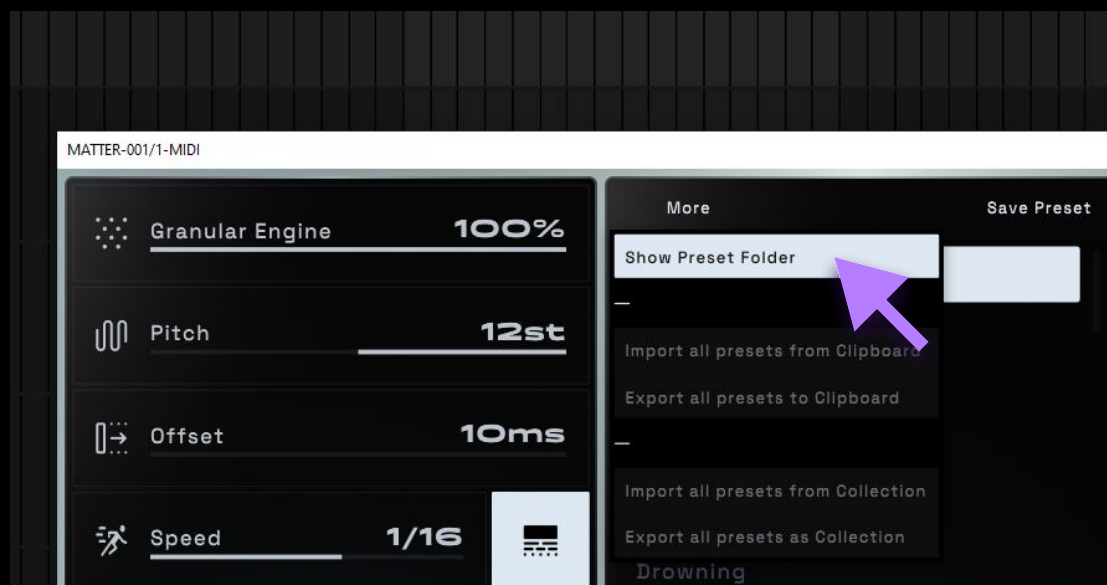

How to uninstall prototype audio plugins on WIN

Since we continue to improve each plugin after the release and keep you updated with new versions, here is a guide on how to correctly uninstall the plugin and your cash to avoid errors.

Step 1

Find your user data via the plugin "more" or at `C:\Users\USERNAME\AppData\Roaming\Prototype Audio*plugin name*`

Delete all the content inside the folder.

Step 2

Delete your .vst3 file. The default path is : `C:\Program Files (x86)\Common Files\VST3`

Make sure to also delete the .vst3 in any custom folder

How to reset prototype audio plugins on WIN

Step 1

Find your user data via the plugin "more" or at `C:\Users\USERNAME\AppData\Roaming\Prototype Audio*plugin name*`

Delete the content folder - re open the plugin and enter your serial key
